**Paper Mache Art**

(Ages 5 - 9)

Instructor: Beth Meditz (Kids Love Art Parties)

It's a terrific way to recycle paper and a great way to create imaginative art pieces. Paper-mache (French for "chewed-up paper" because of its appearance), is a construction material that consists of pieces of paper, stuck together using a wet paste. The crafted objects we will design become solid unique works of art. Be sure to bring a smock, because we will have a fun filled messy time!

## Sweet Beads

(Age 8 - 16)

Instructor: Sweet Beads Staff, Jennifer Apazidis

Sweet Beads is Wellesley's newest creative addition offering an international selection of beads and materials for all ages. The classes offered are meant for beginner to intermediate students. Students will learn to make a bracelet, necklace and begin some wire work. Students will work with hand made glass beads, pearls, metals, stone, naturals and a silver clasp. This class is great for beginner and intermediate students interested in learning to work with diverse materials such as leather, beading wire, elastic, and nylon, finishing techniques, and the tools to use for each. Parents may drop their children off, they do not need to stay.

## Amazing Jewelry

(Ages 7-10)

Instructor: Phylis Begain

Make beautiful jewelry to wear or to give as treasured gifts. Projects we may create include necklaces, bracelets, pins and earrings. We will use Fimo and Sculpey which are plastic based clays that are cured to permanent hardness in an oven. Learn the milliflore technique which results in amazing eye boggling designs. We'll also use porcelain, a ceramic clay, which is kiln fired to very high temperatures. And most special of all will be a bead made from PMC – Precious Metal Clay – real silver formulated to be worked like clay but when kiln fired results in a sterling silver piece. Our original designs will be complimented by beads made from glass.
